²⁹ The policy should allow a teacher to send a student to the principal's office to maintain effective discipline in the classroom and to recommend an appropriate consequence consistent with the district code of student conduct. In the event that the principal does not employ the teacher's recommended consequence (or a more serious disciplinary action if the student's history of disruptive behavior warrants it), the principal should consult with the teacher prior to taking a lesser disciplinary action.

³⁰ As part of this process, the principal reports on a quarterly basis to the district school superintendent and district school board each incidence of a teacher's withholding consent for a removed student to return to the teacher's class and the disposition of the incident, and the superintendent annually reports these data to the Florida Department of Education.
